

# IS THERE A NEED?

*The purpose of the Memphis School of Preaching World Missions Program is to help the church to fulfill the Lord's command to preach the Gospel to the world (Mat. 28:18-20), by preparing qualified men for missions in the US, and in foreign countries, by providing to these men sound instruction, practical advice, and sufficient preparation.*

There are evangelistic, mature men who are ready and willing to take the good news of the resurrected Savior to a lost and dying world. Yet, they do not know how to begin, and what to do; thus, it is not surprising that they hesitate, because they feel inadequately prepared and unable to accomplish this great work.

Too many good brethren have tried and failed at mission work—mostly because they were not adequately prepared. Too many congregations have become disappointed and given up on mission work. All the while, those who have forsaken the truth are busily sending men teaching error, while God's people are losing ground.

The MSOP World Missions Program welcomes applicants who are zealous and compassionate about souls, and who are eager to prepare themselves to be confident, qualified, and capable workers for the Lord.

The Faculty will consist of Instructors at MSOP, plus faithful, experienced missionaries. The Curriculum will provide instruction in every facet of mission work, plus valuable practical experience.

**Faithful brethren need to train good men, who are able and willing, that they might go into the mission field, and accomplish what the Lord intended.**

**Thus, there is the need for the Memphis School of Preaching World Missions Program.**
